- Programming & Development: Kotlin, C#, Unity.
- Design & Tools: Figma, Android Studio, Microsoft Office.

Soft Skills

- Critical Thinking.
- Problem Solving.
- Communication.
- Teamwork.
- Time Management.
- Attention to Detail.
- Adaptability.

Work Experience

Intern – Library Data Management Assistant

Jan 2026 - Mar 2026

Universitas Negeri Padang Library

- Managed and maintained records for 1,000+ books, ensuring accurate, consistent, and well-organized library data.
- Performed data entry, validation, verification, and updating of book collection and member records.
- Reviewed and cross-checked records to identify and correct incomplete, duplicate, or inconsistent data.
- Used Microsoft Excel to organize, sort, filter, and process large volumes of library data efficiently.
- Assisted with document filing and administrative record management, maintaining systematic and easily accessible records.

Informatics Teacher

July 2025 - Dec 2025

Ekasakti Senior High School, Padang

- Delivered Informatics lessons covering computer fundamentals, digital literacy, and basic programming concepts.
- Guided students through hands-on computer activities and programming exercises, helping them apply concepts through practical tasks.
- Developed and prepared lesson materials and practical activities aligned with students' learning needs and curriculum objectives.
- Assessed students' understanding through assignments, practical exercises, and classroom activities, providing feedback to support their learning progress.
- Strengthened communication, problem-solving, technical presentation, and classroom management skills through daily interaction and instruction.

Projects

Web-Based Cemetery Management and Public Service Information System

Feb 2026 – May 2026

Associated with Universitas Negeri Padang

- Developed a responsive, database-driven web application using PHP, Laravel, MySQL, Blade, Bootstrap, HTML, CSS, and JavaScript.
- Designed and implemented role-based access control (RBAC) for administrators, Cemetery staff, government officials, and heirs.
- Developed CRUD functionality for cemetery data, burial records, and service requests.
- Implemented rule-based business logic to prioritize burial requests based on predefined criteria.
- Designed responsive user interfaces to provide accessible and user-friendly experiences across different screen sizes.

Cemetery Management Mobile App – Android

Mar 2025 – May 2025

Associated with Universitas Negeri Padang

- Developed an Android-based cemetery information and management application using Kotlin and Android Studio.
- Implemented mobile interfaces, interactive navigation, and multiple functional screens based on Figma UI/UX designs.
- Developed features for accessing cemetery information, burial data, and deceased records through a structured mobile interface.
- Applied Android development, UI/UX implementation, and Kotlin programming to create a user-friendly mobile application.

EcoQuest – Biology Educational Quiz Game

Sep 2025 – Nov 2025

Associated with Universitas Negeri Padang

- Developed a 2D educational game using Unity and C# to support biology learning for junior high school students.
 - Designed user interfaces and interactive learning activities to create an engaging user experience.
 - Applied game-based learning and educational technology concepts in the development of the project.
-

Education

Universitas Negeri Padang

2022 – 2026

- Bachelor's degree, Computer Science Education
- Relevant Coursework: Software Engineering, Web Programming and Data Structure
- Grade: 3.55 of 4.00
- English Proficiency Test: 521
- Final Project : Perancangan Website Tempat Pemakaman Umum Terintegrasi di Kota Padang (Studi Kasus: TPU Tunggul Hitam, TPU Air Dingin, dan TPU Bungus Teluk Kabung)

Certification :

- Website Development Fundamental – MySkill (2026)
 - CSS Mini Project – MySkill (2026)
 - Frontend CSS – MySkill (2026)
 - Essential Skills: Self Efficacy – CAMY (2026)
 - Essential Skills: Emotional Intelligence – CAMY (2026)
-

Community Service & Activities

Event Division Coordinator

Jun 2024 – Jul 2024

Coordinated the planning and execution of educational and community empowerment activities. Organized teaching programs for elementary school and Islamic boarding school students while contributing to community development initiatives. Managed team coordination, activity planning, scheduling, and program implementation to ensure successful outcomes.

Achievements

Journal Publications

Jun 2026

Publishing a SINTA 5-indexed scientific journal regarding Perancangan Website Tempat Pemakaman Umum Terintegrasi di Kota Padang (Studi Kasus: TPU Tunggul Hitam, TPU Air Dingin, dan TPU Bungus Teluk Kabung).
